

# THE CROSS AND REDEMPTION

## Galatians 3.10-18

### INTRODUCTION

The problem of being cursed because of our sin.

The foolishness of trying to make it into heaven on our own:

- *Firstly, we are all failures when it comes to keeping the law of God.*
- *Secondly, we have been told it won't work.*

The danger of passing away with this present evil age

### WE NEED REDEMPTION

Redemption is the process of securing someone's release through the payment of an agreed ransom – unpacking **Galatians 3.13..**

The shed blood of Jesus secures our ransom – he takes our curse upon himself and dies.

Is this a preposterous, immoral and perhaps blasphemous transaction: NO!

- Not preposterous
- Not immoral
- Not blasphemous

### **THE PURPOSE OF IT ALL**

Understanding **Galatians 3.14**

The necessity of faith in the redemptive death of Jesus for all who want to receive the Spirit.
